

REMARKS

Applicant presents claim amendments in reply to the communication mailed April 26, 2011 in the subject application.

Applicant represents and asserts that no new matter is added by the amendments.

Claim 175 has been cancelled.

Claim 176 has the limitation of X being an aryl azide.

Claim 177 has the limitation where X is one of the two presented structures.

In the event the Examiner should still find any of the claims to be unpatentable, counsel would appreciate receiving a telephone call so that, if possible, patentable language can be worked out. [In the alternative, the entry of the amendment is requested, as it is believed to place the application in better condition for appeal, without requiring extension of the field of search.]

Applicant does not believe any fees are due. If the Office determines fees are due, Please charge any other fees that might be due with respect to Sections 1.16 and 1.17 to Deposit Account Number 12-1099 of Lerner Greenberg Sterner LLP.

Respectfully submitted,

/Werner H. Stemer/
